

MAJOR FUNDING SOURCES FOR COMMUNITY DEVELOPMENT

There are hundreds of funding sources available from federal government, state government, private organizations and foundations, for a variety of activities. The following list summarizes the most commonly used funding sources, including grants and loans, that can help fund community development, economic development, recreation, housing, water and sewer, and storm water management and other activities.

Name of Program	General Description of Program	Administering Agency
Community Development Block Grant (CDBG)	Offers grants for a wide variety of activities, provided the applicant proves by survey or census that the project will benefit 51% low and moderate income persons or handicapped persons or eliminate "blighted" conditions in officially designated areas. For example, funds can be used for water and sewage improvements, storm drainage, handicapped accessibility, housing rehabilitation, parks and recreation, street and sidewalk improvements, code enforcement, community planning, and historic rehabilitation.	Northampton County
Northampton County Open Space Initiative	Offers grants to municipalities for two main purposes: 1) preservation or acquisition of open space and natural areas, and 2) acquisition and improvement of municipal parks. Several rounds of funding are proposed.	Northampton County Parks Division
Home Town Streets	Offers funding for streetscape improvements (such as sidewalks, benches, street lights), for pedestrian improvements (such as crosswalks and other pedestrian crossings), for traffic calming measures and for bicycle trails and bicycle lanes. This program is primarily aimed towards improving State roads that serve as main streets for older communities and villages. Requires a 20 percent match from other sources (such as local funds or other grants).	PennDOT
Safe Routes to Schools	Offers funding for pedestrian and bicycle improvements to make it safer for students to travel to schools. This program is primarily aimed towards improvements in downtowns, older commercial areas and other areas near schools. Municipalities, school districts or non-profits can apply. Requires a 20 percent match from other sources (such as local funds or other grants).	PennDOT
Conservation Corps, PA.	Provides funding for work crews for community projects, such as trail improvements.	PA DCNR
Housing and Redevelopment Assistance	Provides grants to municipalities, redevelopment authorities and housing authorities for community revitalization, economic development, and low-income housing development and rehabilitation.	PA DCED
Community Development Bank, PA.	Provides capital and capacity building grants to "Community Development Financial Institutions" (CDFIs). The CDFIs are then allowed to assist with small scale business expansions, new business starts, non-profit facilities and very small businesses.	PA DCED
Community Facilities Loan Program, Federal	Offers low-interest loans to construct, enlarge or improve essential community facilities for public use in rural areas and towns with population less than 50,000. Also offers guarantees of loans by private lenders.	U.S. Dept. of Ag. Rural Housing Service

COMPATIBILITY WITH ADJACENT MUNICIPALITIES

The Adjacent Zoning Map on the following page shows the generalized locations of zoning districts in areas of adjacent municipalities that surround Forks Township. There are no serious land use conflicts across the municipal borders.

To the north, both Plainfield Township and Lower Mount Bethel Township emphasize the preservation of agricultural lands on lands adjacent to Forks’ FP Farmland Protection zoning district. Lower Mount Bethel has been exploring various zoning options to achieve this objective, such as requiring that 50 percent of prime agricultural soils be preserved. Plainfield Township has zoning that is similar to Forks’ FP district in regards to strongly encouraging preservation of 50 percent of each tract of land through incentives and disincentives.

Tatamy and most of Palmer Township are separated from Forks by the Bushkill Creek. Most adjacent areas of Tatamy and Palmer are residentially zoned. Most areas to the southwest and south of Forks Township are already developed, including residential development in the City of Easton.

The most difficult issues involving inter-municipal cooperation involve traffic flow. There is severe peak hour congestion at the Stockertown interchange of Route 33 and the interchanges of Route 22. The Route 22 interchanges would be extremely difficult to improve, and also are surrounded by flood-prone areas. Any new interchange of Route 33 west of Tatamy would need to be carefully designed and located to avoid adverse impacts upon Main Street in Tatamy.
